I have served one term on Synod Council for the Allegheny Synod and have not only enjoyed my time but have learned a lot and would like to continue to use this knowledge to continue to care for the wider church. As a member of Synod Council I feel we have an opportunity to help the wider church serve congregations and the people in our communities to grow in faith and love and to better serve all people. Being a part of this ministry has been and would continue to be an important part of my ministry to serving our neighbors beyond those who live next door. I thank you for the opportunity to have served and look forward to serving the people of God in the ways God continues to call.

[As a native of this community, I am pleased that I was called to serve as a pastor in the Allegheny Synod for my first call this past October. Our community is one in which I have been actively involved throughout my life and which I care about deeply. My knowledge of Synod operations through participation in a number of committees and programs, along with my professional experience in marketing, fundraising, church office administration, and involvement in local organizations and boards, has provided me with a background that will be helpful in serving in this position. While serving as a Lay Worship Leader, I had the wonderful opportunity to share Christ’s love with so many people throughout our Synod and discover both the opportunities and challenges that our congregations face. Understanding these challenges and

My background as a financial planner included evaluation and recommendation of appropriate investment products for my clients. Several factors, such as individual risk tolerance, investment time frame, and diversification, need to be considered for any and all investments. My twenty-five year career as a financial advisor provided me with the knowledge to make prudent investment recommendations.
